SCQF Level 6 Award

Qualification title: **Award in Oxygen Therapy Administration at SCQF Level 6**

Code: **R415 04**

Unit title: **Administration of Oxygen Therapy**

Unit code: **UG39 04**

Credit: **1**

This training enables users to administer oxygen safely and effectively, for casualties with breathing difficulties. Delegates will learn how and when to administer oxygen to a casualty and the safety concerns with carrying, storing and administering it.

Duration

This is a classroom-based course of 6 contact hours. Dependent on the learner's experience, there may well be some pre-course or post-course reading.

Syllabus

The course is made up of practical and theoretical sessions delivered by your Instructor who will provide a detailed course programme.

At the end of the course, learners will be able to:

- Explain benefits of oxygen therapy
- Identify indications for the use of oxygen
- Explain contraindications prohibiting use of oxygen
- Explain dangers of using compressed gas
- Outline health and safety rules for the:
 - Use
 - Storage
 - Handling of oxygen
- Carry out operational checks in preparation for use of oxygen therapy equipment
- Identify when oxygen therapy is required
- Administer oxygen using the required flow rate for the following oxygen delivery devices:
 - Non re-breather mask
 - Bag, valve and mask
- Administer oxygen to a patient in line with agreed ways of working

Certification

This qualification lasts for 3 years. To renew the qualification, learners will need to retake the full course. However, it is recommended that during the 3-year period, the learners attend annual refresher courses.

Assessment

A range of methods are used, including, practical and questioning (open and multiple-choice).

Numbers

A maximum of 12 students can be accommodated on this course and all candidates must be a minimum of 16 years of age to qualify.
